

MONDAY EVENING, JUNE 26, 1905.

## News of the Day.

The receipt of Ambassador Cassini's letter of recall which he will present in person next week. Baron Rosen, Russia's new representative at Washington, who expects to arrive July 6, will hand his credentials to the President a few days later.

This was a day of farewells at the White House. Nearly all the heads of bureaus and departments in town dropped in to say good bye to the President during the forenoon, and a number of foreign representatives called to conclude their business with the Chief Magistrate for the summer.

Third Assistant Postmaster General Madden has issued instructions to all postmasters that after September 1st, all periodicals containing advertisements printed on sheets of paper which they advertise, such as glazed, waxed, oiled tissue, wall and other papers, the periodicals shall be assessed as fourth class matter instead of second class, since otherwise the revenues of the department will suffer by the transmission of commercial matter at second class rates.

State Department officials were much concerned this morning to learn of the renewed illness of Secretary of State Hay. The gravest fears are entertained that he will never be able to resume his place at the head of the department. Should his present indisposition continue he will probably retire from the Cabinet in the fall. It is said that Mr. Joseph H. Choate, until recently the American Ambassador at London, will be chosen to succeed him as the head of the State Department, although Ambassador Whitelaw Reid, the present American representative at London, is also mentioned in this connection.

The State Department has issued a commission to John Barrett, formerly Minister to Panama, as Minister to Colombia, in accordance with the formal announcement made some time ago. George Jarvis Bowers, of Virginia, has been appointed consul at Guadeloupe.

Although it was announced from Paris several days ago that the text of the French note to Germany in relation to the Moroccan situation had been communicated for information to the other powers it is declared at the State Department that it has not reached this government.

Thornwell Haynes, of South Carolina, has been appointed consul at Nanking, China. He has been in the consular service since 1900 when he was appointed Consul at Rouen. In March of this year an order was issued transferring him to the position of commercial agent at Vladivostok as successor to Richard T. Greenar, colored, of this city. Before he could start for his new post the Russian authorities issued orders compelling the withdrawal of all foreigners from Vladivostok in anticipation of putting that place in a state of siege.

The National Association of Electioneers opened its 14th annual meeting here today, at the Carnegie public library. Professor Robert I. Fulton, of Delaware, Ohio, president of the association, made his official address recounting the growth of the organization. The session will continue until Friday.

The Department of Justice makes the announcement that Assistant Attorney General Purdy has been placed in charge of the railroad rebate cases, including that against the Atchison, Topeka and Santa Fe, and that he has left for Kansas City to begin prosecutions, in accordance with President Roosevelt's directions.

Upon the result of the investigation into the \$231,000 contract awarded to the Lanston Monotype Machine Company by Public Printer Palmer may depend the retention in office of that official.

Sir Mortimer Durand, the British Ambassador, handed the President today a formal letter from King Edward, relative to the retirement of Ambassador Choate and the induction into office of Ambassador Reid.

## Better Treatment for Chinese.

By direction of President Roosevelt, action has been taken by the administration which not only will facilitate the landing in this country of Chinese of the exempt classes, but will also eliminate from the Immigration Bureau such administrative features as have been the subject of criticism by Chinese. It is the declared intention of the President to see that Chinese merchants, travelers, students, and others of the exempt classes shall have the same courtesy shown them by officers of the Immigration Bureau as is accorded to citizens of the most favored nation.

Representations have been made to the President that, in view of alleged harsh treatment accorded to many Chinese seeking a landing in the United States, the commercial guilds of China have determined to institute a boycott on American manufactures. These representations, backed by the authority of the American Asiatic Society and commercial bodies throughout the country, induced the President to make an investigation of the situation.

As a result of the inquiry, orders have been issued to the diplomatic and consular representatives of the United States in China by the President himself that they must look closely to the performance of their duties under the exclusion law, and see to it that members of the exempt classes coming to this country are provided with proper certificates. These certificates will be accepted at any port of the United States, and will guarantee the bearer against any harsh or discourteous treatment.

In addition to the President's orders, Secretary Metcalf has issued instructions to the immigration officers which, it is said, will remedy the difficulty heretofore complained of by the Chinese government and individuals. It is hoped that the prompt action taken by this government to meet the objections made by the Chinese will eliminate the possibility of serious trade difficulties between China and the manufacturers of this country.

**Verdict Against Count Welsburg.**  
Berlin, June 26.—The verdict in the law suit regarding the verdict in the Grand Ducal throne of Oldenburg was rendered today against Count Alexander Welsburg, the complainant. This action was brought by Count Alexander Welsburg against Frederick Augustus, the reigning Grand Duke of Oldenburg, to compel the latter to recognize him as a Prince of the Oldenburg dynasty. Grand Duke Frederick Augustus recently paid a brief visit to America, which attracted considerable public attention.

## Virginia News.

James B. Streit, fifty-eight years old, died at his home in Winchester Saturday, after an illness of a week, from the effects of a sunstroke.

Terrified by lightning striking a church near her residence Friday afternoon, Mrs. G. A. Peple, of Manchester, became critically ill. She died at 10 o'clock next morning, a few moments after the death of her infant child.

A report has reached Winchester that the Pennsylvania Railroad Company would absorb the Cumberland Valley, a branch running from Harrisburg, Pa., to Winchester, and make it a division of the Pennsylvania system.

Governor Montague spoke to a fair-sized audience at Louisa Saturday in the town hall. He denied that he had ever abused Senator Martin, but said he had the same right to criticize his public record that any citizen had, which he proceeded to do.

A sensation was caused at Newport News Saturday by the announcement that Judge Barham of the Corporation Court, would call a special grand jury to investigate charges of violations of the Barksdale election law in the democratic primary held last Tuesday.

A cloudburst visited Lynchburg Saturday afternoon, 2.44 inches of rain falling, the water pouring down the hills flooding the bottom lands on its way to the river. Two trestles on the Southern Railway, near the city, were rendered unsafe. Heavy rains doing much damage also fell in other parts of the State.

Reuben Ruffner, one of the oldest men of Page county, died at the home of his son, ex-Supervisor Jacob W. Ruffner, four miles from Luray, yesterday of paralysis, received two days before. He died in the house where he was born 87 years ago. He was the largest landowner in the county, his farm having about 1,400 acres.

The marriage of Miss Mary Semmes Forbes, daughter of Mr. Murray Forbes, of Warrenton, to Mr. Edwin Burroughs King, of Southborough, Mass., took place Saturday evening at the family residence in Warrenton. The maid of honor was Miss Jane Forbes, a sister of the bride; the best man was Stuart Jackson. Rev. William H. Laird, rector of St. James' Episcopal Church, performed the ceremony.

The jury in the Circuit Court at Chatham on Saturday brought in a verdict of guilty against Frank P. Oakes, commissioner of revenue for the Eighth Pittsylvania district, charged with criminal assault upon Miss Peachie E. Parker, eldest daughter of Mr. and Mrs. W. B. Parker. The penalty was fixed at six months in the county jail and a fine of \$400. The court, in addition to the penalty imposed, removed the defendant from office. Oakes is 50 years of age and married. His victim is 19 years of age. Oakes was placed on the stand in his own behalf and related practically the same story as told by the girl, except he claimed that the girl encouraged his advances.

**Serious Conditions in Poland.**  
Five prominent citizens of Lodz, Russia, telegraphed yesterday morning to Gen. Shustoff, commanding the troops there, asking for protection from the brutality of the soldiers, especially the Cossacks, who are continuing their ruthless slaughter. A particular instance was cited of Cossacks killing and robbing a servant of a millionaire of the name of Rosenblatt, who was carrying a thousand rubles to a bank. Gen. Shustoff promised to punish the culprits.

The most serious phase of the fighting between the military and strikers is at an end, but there are still isolated attacks in the suburbs.  
At Baluty yesterday Cossacks attacked a Jewish family of five persons who were driving in a cab to the railway station and shot and killed all.

At Pabjanice, near Lodz, workmen attacked two policemen, and shot and killed one, wounding the other.  
There is a general exodus from Lodz. Twelve thousand persons have already left.

During the disturbances thirty-five government liquor stores were destroyed by the mobs, which appropriated all the cash and stamps found on the premises. The cash and stamps were added to the funds of the socialist party.  
The workmen in all the factories will strike today.

The proclamation issued in Warsaw Saturday by the social democratic party of Poland and Lithuania, calling out workmen as a protest against the Lodz massacre, says: "In order to show solidarity with our brothers at Lodz we protest against the new and incessant crimes of the Czar's government. Warsaw must stop work. To-morrow not a single factory or workshop shall work. All offices, banks, shops, restaurants and coffee houses must close. All traffic must cease. On Monday the red flag, the workman's flag, must float over the streets of Warsaw. Workmen, help your brothers arrange a general strike."

## Bulldog Kills Baby.

Chicago, June 26.—Golden-haired Yvonne Davis, a baby of 18 months, playfully tossed a rubber ball to her father's pet bulldog yesterday and then toddled across the pavement, laughing merrily. As she stooped to recover the ball, the dog leaped upon her and fastened its teeth in her face, gnawing her savagely and shaking her frail body as if she were a kitten. A neighbor rushed to the rescue, beat the dog over the head with an iron bar and fired eight bullets into its body; but still it retained its grip on the child. After the dog was dead, it was found necessary to pry its jaws apart in order to release the girl. The baby died within ten minutes.

**Cuban Diarrhoea.**  
U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, which will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by Gibson & Timberman and W. F. Creighton & Co.

## Today's Telegraphic News.

## Peace Conference.

Washington, D. C., June 26.—The following statement was given at the White House this afternoon: "The President has received from both the Russian and Japanese governments the statement that the plenipotentiaries of the two countries will meet in the United States during the first ten days of August, and the President has expressed to both governments the wish that the meeting should take place if possible on the first of August, and if not on that day then the earliest thereafter."

The intimation comes from a high official source today that not only has the President been advised that an armistice at present between Japan and Russia is impossible of accomplishment but that the Japanese government may carry on her military operations in Manchuria until the signature of the peace plenipotentiaries are affixed to the peace treaty and the terms of the settlement of the war made final.

The reason assigned is not that Japan mistrusts Russia's motives in entering into the present negotiations along the line of the President's suggestion, but that the Japanese government cannot in justice to herself permit her present advantages to be lost.

## Situation in Russian Poland.

St. Petersburg, June 26.—A message received here from Warsaw says that the Jewish quarter of the city is now in full revolt. It is expected that a repetition of the massacres of Lodz will occur in the Polish capital. Great crowds have assembled in the streets and these are being constantly augmented. Barricades are being erected in various parts of the district, and street cars have been overturned to form the nucleus of such street defenses. The shops and stores in the district are closed and business is at a standstill. Bloodshed threatens to develop at any moment, as both the troops and the people are in an ugly mood. Thirty-four battalions of troops are bivouacked in the streets, giving it the appearance of a camp, and patrols are circulating everywhere. The slightest altercation between the people and the soldiers is almost certain to bring on a riot.

At Czenstochau, last night, a bomb was thrown at the chief of police as he was riding in a carriage. The officer and seven civilians were seriously wounded.

Lodz, Poland, June 26.—Lodz, this morning, presents the appearance of an armed camp. Troops hold the streets and no citizens are allowed to leave their homes without a permit. The town has been declared by M. Maximovich, Governor General of Warsaw, to be in a state of siege, and General Schultze, commander of the Lodz district, has been placed in command of the troops, which hold the city.

The awful slaughter of Friday and Saturday has had a quieting effect and there has been no general fighting such as marked those two bloody days. In the outskirts of the town brawls between civilians and soldiers have occurred at intervals, but there has been little bloodshed. The brutality of the soldiers has greatly alarmed even the rioters, who prefer keeping out of the way of the Cossacks and dragoons. All industry is at a standstill today. The stores are closed and no factories are operating. Many people have left the town, and others are hastening preparations to get away until the troubles are over.

Warsaw, Poland, June 26.—The social democratic party of Poland and Lithuania did not succeed in bringing about a general strike in Warsaw today, as directed in the proclamation issued on Saturday, calling out all workmen as a protest against the massacre at Lodz. Many of the factories are closed, and some of the stores and shops are affected but the strike is far from being general. The strikers have picketed the factories and efforts are being made to call out the men who are working. In several instances workmen who refused to listen to the demands of the strikers were shot by the pickets as they started to enter the factories. Troops hold all the principal streets and the public squares this morning, and the soldiers have orders to fire upon the slightest provocation. No newspapers made their appearance this morning. The casualties during the riots are estimated today were 561 killed and over 700 wounded, many of them seriously. General Schultze declares that order has been restored.

St. Petersburg, June 26.—Following the riots which have occurred at Lodz and the disturbances at Warsaw, reports reached here today of serious agrarian disturbances in another part of Russia. In the Kharkoff district of European Russia, the peasants have arisen and have burned the domains of several landowners. The local authorities are powerless to deal with the peasants and have wired for troops.

## Secretary Hay's Condition.

Newbury, N. H., June 26.—Secretary of State Hay is reported this morning to be more comfortable. His condition yesterday was such that it was deemed advisable to summon additional medical aid, and a special train arrived here at 1:30 this morning, bringing another physician from Boston. It is said by those in attendance on Mr. Hay that he is suffering much in the same manner as before he took his trip abroad. Secretary Hay is suffering from a uraemic condition, the third serious attack of the kind he has had in the past four years. He has suffered a number of slight attacks, but many of them he has been able to relieve without the aid of a physician. When he was stricken Sunday evening he tried to relieve himself with the same remedies he had used before, but without success.

Dr. Cain, of Newport, said today that the members of Mr. Hay's family were greatly alarmed over Mr. Hay's condition last night, and there was some thought of the wisdom of performing an operation. However, when the Boston surgeons arrived and when a consultation was held, this was believed not to be necessary.

## DIED.

At the home of his parents, No. 412 Prince street, at 3 p. m. Monday, June 26, THOMAS MARSHALL LASH, son of Joseph Lee and Mary Esther Lash, aged nine months and twelve days. Funeral on Tuesday evening at 4 o'clock.

## Miss Rogers's Disappearance.

Saranac Lake, N. Y., June 26.—Careful search has failed to reveal the whereabouts of Miss Mary Rogers, daughter of Alexander Rogers, of Leesburg, Va., and a niece of the late Governor Oden Bowie, of Maryland, who disappeared from the Andrew Baker cottage yesterday morning in such a manner as to arouse the authorities to make an investigation. Bloodhounds from the Danmore prison will be set on the trail today. The wire window screen of Miss Rogers's room had been cut and there were evidences of a struggle in her room. Miss Rogers came here in company with Miss Janney, a trained nurse, and Willoughby, N. Smith, a Baltimore lawyer. Miss Rogers, who is thirty years old, has been a sufferer from tuberculosis for three years. It appears that Miss Rogers had been left a large fortune, a part of which she lost in speculations placed in the hands of Dr. Woodend of New York, who failed in a spectacular manner a year ago. Since then her illness has been aggravated and she became very despondent. Her counsel says he fears she has committed suicide.

## Mr. Beach Resigns.

Washington, June 26.—U. S. District Attorney Morgan H. Beach, of this city, resigned today. In his letter accepting Mr. Beach's resignation Attorney General Moody said: "I have received your letter today tendering your resignation as United States Attorney for the District of Columbia. I am directed by the President to accept the resignation to take effect at the close of business August 31st. I hope you will find it convenient to continue your services until that time. During the incumbency of your office a large number of exceptionally important cases have been under your care. The President and I wish you to know that we appreciate fully the industry, ability and fidelity with which you have performed your varied duties. We join in wishing you, upon your return to private practice, health and prosperity." Mr. Beach intends to return to his private practice.

## Reports Denied.

London, June 26.—In the House of Commons today William St. John F. Brodrick, secretary of State for India, denied the reports that Lord Curzon has resigned his position as viceroy of India. Premier Balfour made the announcement to the House that the Russian government has expressed its disapproval of interference with British shipping in the far East, by Russian cruisers, which will make the outrages which have occurred recently impossible.

The expression from the Russian government was brought out by the representations made to St. Petersburg, by England, following the sinking of the St. Kilda, which was sunk since the great naval battle in the Sea of Japan by the Japanese.

**Destructive Fires.**  
New York, June 26.—Fire in the building Nos. 247-279 E. 13th street and extending to Nos. 465 and 468, Union Square, this morning, caused damage estimated at \$100,000. Another fire this morning was in the building, Nos. 127-133 west 17th street. The damage is estimated at \$50,000.

New York, June 26.—Fire this afternoon practically destroyed the six story factory of P. Derby and Company, at Canal and Mulberry streets. The firms manufactured chairs and furniture. The loss is \$150,000.

Evansville, Wyoming, June 26.—Fire in the Union Pacific roundhouse this morning, caused a loss of \$75,000. Five locomotives were ruined.

**Mother Killed Four Children.**  
Grand Lake, Colo., June 26.—While temporarily insane, Mrs. Gregg, wife of Watt C. Gregg, yesterday shot and killed her four children, aged 8; 5; 3; and 6 months. Gregg heard the shots and rushed to his home, where he found his wife lying across the door step with a ghastly wound in her side. Inside the room was his oldest boy, dead in a chair, while the other child lay on the floor.

## Duchess Rouchefoucauld a Mother.

Paris, June 26.—A son was born this morning to the Duchess de la Rouchefoucauld, who was formerly Miss Mattie Mitchell, daughter of Senator Mitchell, of Oregon. Miss Mitchell was married to the Duke de la Rouchefoucauld in the church of Saint Clotilde, Paris, on Feb. 11, 1892. Whitelaw Reid, who was then Minister to Paris, gave the bride away, and the wedding was attended by prominent members of the French aristocracy as well as members of the American colony.

## The Chinese Boycott.

San Francisco, June 26.—According to reliable information Chinese merchants of this city, are taking steps to aid the exclusion of American goods from China. They hope such a policy will cause the Chinese exclusion act to lose friends in this country. Six local Chinese firms are said to have held a meeting and endorsed a movement to boycott American goods until the exclusion act is modified or repealed. It is further claimed that a representative will be sent to China to aid in conducting the boycott.

## Twenty-two Cadets Drowned.

Copenhagen, Denmark, June 26.—The private cadet ship Georgestage was rammed by the British steamer Ancona and sunk. Twenty-two cadets on the Georgestage were drowned. Fifty-seven of the cadets were rescued.

## New York Stock Market.

New York, June 26.—During the first hour prices made general advances ranging from 4 to 14 points, with buying orders coming from many sources, including local commission houses. The higher class of commission houses were very bullish and say much about crop prospects, easy money, the outlook for increased dividends and the heavy volume of business on all western roads.

Elmer T. Keyes shot and killed his wife, Isabelle, at Baby's Bay, last night and then shot himself. The police attribute the man's act to jealousy.

## Governor Douglas Ill.

Boston, June 26.—Governor Douglas is ill at his home at Brockton. On Saturday he took a severe cold which settled on his lungs, and today he has considerable fever. His physicians say that it will be impossible for him to attend the breakfast to President Roosevelt at the home of Bishop Lawrence tomorrow, and it is very doubtful if he will be able to attend the Harvard commencement exercises on Wednesday.

## Stok Plans of Fortifications.

Vienna, June 26.—Following the flight of an Italian sailor named Posci from Italy toward Vienna, with plans for the new fortifications of Venice, the Italian government has sent a peremptory note to Austria giving permission for the arrest of Posci. The Austrian authorities who have feared complications in case they arrested the man, will now be free to take him into custody.

## Town Attacked by Rebels.

Capetown, South Africa, June 26.—The rebel leader Marengo has attacked Amas, a town near Warmbad, which was reported to have been captured by natives some time ago, according to reports received today, and all the ammunition and supplies in the town were captured. Considerable loss was also inflicted on the garrison.

## Russians Retire.

St. Petersburg, June 26.—General Linievitch, in an official report says that on June 25th the Japanese made an attack on the right flank of the Russian army, with a detachment of mountain artillery. The Russians retired before the enemy.

## Wedding.

Portland, Me., June 26.—Miss Katherine Reed, daughter of the late Thomas B. Reed, was quietly married today to Lieutenant Arthur T. Fallentine, U. S. A., of Fort Monroe, Va.

## House Wrecked by Lightning.

Mrs. Lee Jennings and her two children at Amherst, Va., had a narrow escape from death Thursday night. The house in which she and her two children were alone was struck by lightning, and both ends of the house were torn to pieces. Yet the room in the center of the house in which she was staying was not injured, and the mother and children were not even badly shocked. The house is on an isolated spot on Baptist Hill. Mrs. Jennings and her two children were alone about 11 o'clock at night when the lightning struck the house. It seems to have struck the center of the house and followed the two tin valleys in the roof to both ends. The rooms on each end of the house were torn to pieces. Large pieces of the framing in the walls of the building were knocked out. The house can be entered from a number of places through holes knocked in by the lightning. A large part of the plastering in these rooms was knocked off. Many of the dishes in the dining room were broken. The damage to the houses will amount to several hundred dollars.

## Killed His Baby Brother.

Willie Smith, the nine-year-old son of Mr. and Mrs. George Smith, who reside in the Brooklyn portion of Port Jervis, N. Y., early yesterday morning, shot and killed his baby brother, Harry, 18 months old, with a double-barreled shotgun. Mr. Smith and his eldest son are employed by the Erie Railroad Company and had gone to their work when the tragedy occurred. The mother left the two children playing in the parlor and was combing her hair in an adjoining room when she heard the report of a gun. On opening the parlor door she was horrified to see her baby boy lying on the floor and a portion of his breast torn away and dead. Willie, with the gun in his hands, stood aghast and speechless at the result of his act. The neighbors came pouring in the house and the frightened lad ran like a deer to the mountains nearby. He was found and brought back, but could give no intelligent account of the shooting. The gun belonged to the eldest brother and stood in a corner of the room, supposedly not loaded.

## The Bones of at Least Five People Have

been found in the hull of the Gen. Slocum in which 1,031 lives were lost in June 1904. The hull of the boat is lying at the foot of 27th street, Camden.
